

OCEAN LIFE WEEK

Monday

Activity: What lives in the ocean?

Tuesday

Field Trip: Oregon Coast Aquarium

Wednesday

Activity: Learn about the Coral Reef Ecosystem

Thursday

Activity: Ocean Food Chain

Friday

Activity: Ocean Zones

About Ocean Life Week

This week, we're going on an exciting adventure to learn all about the amazing animals that live in the ocean! We'll discover the beautiful coral reefs and the important role they play in the ocean ecosystem.

To kick things off, we'll visit the aquarium where we'll get to see these incredible creatures up close. Imagine watching colorful fish swim by, and maybe even spotting some playful dolphins!

We'll also dive into the ocean's food web, exploring different levels of the ocean and the unique species that call each level home. From tiny plankton to giant whales, every creature has its place in this underwater world. Get ready for a week full of fun, learning, and lots of ocean exploration!

1- Monday

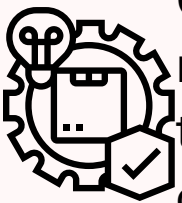

Today, we will embark on an exciting journey into the ocean to uncover the vibrant life that exists beneath the waves! Children will have the chance to explore the fascinating creatures that inhabit the sea. Additionally, we will conduct a science experiment to observe how fish breathe underwater.

2-Tuesday

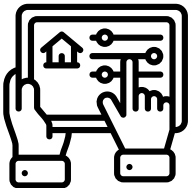

Get ready for a splash-tastic adventure at the Oregon Coast Aquarium! We're diving into the wonders of ocean life and picking one fabulous creature to obsess over for the week. Armed with our trusty science journals, we'll be scribbling down all the cool facts and fin-tastic discoveries!

3-Wednesday

Get ready to dive deep into the fabulous world of coral reefs and their bustling ecosystems! Kids will uncover the secrets of what coral reefs are all about and who calls them home. Plus, they'll unleash their inner artists by crafting their very own coral reef diorama. Let the underwater adventure begin!

4-Thursday

Diving into the ocean's food chain is like embarking on an underwater treasure hunt, where every sea critter is a part of a tasty puzzle! Get ready to whip up our very own ocean food chain while we unravel the secrets of this aquatic buffet!

5-Friday

This week, we're going on an exciting adventure to learn about the different ocean zones and the amazing animals that call them home! We'll explore the deep sea, the coral reefs, and everything in between.

To wrap up our exploration, we'll get creative and design our own unique ocean layers. Each layer will be filled with the fascinating creatures we've learned about. From tiny fish to giant whales, we'll populate our ocean zones with all kinds of sea life! Get ready to dive into creativity and fun as we bring our underwater world to life!
